Based on guidance from the Centers for Disease Control and Prevention (CDC) and the Center for Medicare and Medicaid Services (CMS), we continue to utilize the following steps to reduce the spread and impact of COVID-19:

- Enhanced infection control precautions;
- Screen residents, staff, and essential visitors for expanded list of symptoms;
- Restricting visitation and entry of people to the building;
- Testing staff and residents for COVID-19, based on current protocols;
- Postponing communal activities;
- Following strict isolation guidelines for staff and residents with respiratory symptoms.

We ask every person to continue to follow the public health recommendations to help protect our residents and community's exposure to this virus.

- Wash your hands;
- Cover your cough and sneezes;
- Maintain an appropriate social distance of at least six (6 feet);
- If you are ill stay home.

Protecting the health and wellbeing of our staff and residents remain our highest priority.
